

Title IV Information

NCMC offers certain degrees/programs in which students are granted college credit hours for eligible coursework or programs completed at another educational institution as adults or post-secondary. A listing of those institutions and programs/certificates is provided below. Tuition and fee amounts listed are subject to change. Please contact the partnering educational institution for final amounts.

2017-18

Educational Institution	Program	Estimated Annual Post-secondary Tuition	Estimated Additional Fees/Charges	Method of Delivery
	EMT - Paramedic	vary	vary	vary
<i>Note: Paramedics licensed in the state of Missouri will receive advanced placement in the AAS EMT-Paramedic program. Thirty (30) college credit hours will be awarded, for completion of requirements of the paramedic program, towards the degree. Such credit will be awarded after completion of the remaining college credit hours required for the degree. Tuition, fees, and modes of delivery will differ among educational institutions providing the EMT Paramedic certification.</i>
