

Student Services Mission:

To provide a system of support services that enhances student success, student learning, and assists students in achieving their academic and career goals and enhances their personal, intellectual and social development through programs and services.

Goals:

As educators and partners in learning, Student Services strives to:

- Enhance and support the academic / institutional mission of the college
- Be responsible to the needs of a diverse and changing student body
- Prepare students for their role as productive citizens in the international community
- Educate students to make reasoned and well-informed choices
- Acclimate students to the campus and surrounding community
- Serve as a campus resource and referral agent
- Promote student leadership and involvement
- Admits, assess, advise and place students in classes that optimize their chances to achieve their educational goals
- Offer quality educational programs and support services, which encourage and empower students to complete their educational goals
- Participate in our communities to a positively reflect on NCMC and to encourage community participation and awareness in NCMC

Student Learning Outcomes

As a result of Student Services programs and practice, students will:

- Have a working comfort level and be able to effectively use technology
- Have opportunities to become civically engaged, work in a team , and be able to build collaborative relationships
- Value lifelong learning and education
- Understand the importance of fiscal responsibility
- Have an appreciation of diversity and living in a multicultural society
