Send Risk Assessment Form to: Dean of Student Affairs
1301 Main Street, Trenton, MO 64683 Fax: 660-359-2211

If the answer is **YES** to any of the above questions, please see the other side of this sheet for instructions.

NCMC Risk Assessment Form Tuberculosis Targeted Testing Requirements

If you answered YES to any of the questions on the other side of this sheet, you are a candidate for a tuberculin skin test or IGRA and need to contact a local public health agency to receive a TB test. Please note that you are responsible for the cost of any testing and follow-up required.

Locally, you may contact the Grundy County Health Department located at 1716 Lincoln Street in Trenton for a simple TB skin test on Mondays, Tuesdays, or Wednesdays. You may contact their office with any questions you have by calling 660-359-4196. Appointments are not required for a TB skin test.

Documentation of the TB Risk Assessment Form and documentation of testing completion must be provided to NCMC by mid-term week to avoid holds being placed on your account. It is the student's responsibility to obtain the necessary documentation, send and confirm receipt of the documentation to the Dean of Student Services by bringing it to the Alexander Student Center or by mailing to:

**Dean of Student Affairs
NCMC
1301 Main Street
Trenton, MO 64683**

All NCMC students are expected to comply with the targeted testing program and any course of action deemed necessary by the local public health agency. If you have additional questions related to TB testing, please contact the Grundy County Health Department at: (660) 359-4196. You will receive a letter outlining this information to the address on file with the institution.

Additional Health Information

- Tuberculosis testing is recommended (but not mandated) for individuals in the following groups because when latent TB infection is present, the risk of progression to active TB disease is high:
 - HIV positive or other immunosuppressive disorders or use of immunosuppressive medications
 - History of IV drug abuse
 - Have lived or worked somewhere in the US where TB disease is more common (homeless shelters, prison or jails, or some nursing homes)
- Per Missouri legislation, all residential students must receive the meningococcal vaccine or submit a signed statement for a medical or religious exemption. Please submit the health history form and vaccination verification or signed statement portion on the health history form and submit to the Director of Residence Life, 1301 Main Street, Trenton, MO, 64683. The Health History Form is located on the NCMC website, under <Student Life>, <Residence Halls>, <Sign Me Up>, <Health History>.
- Other health considerations and possible immunizations to visit with your health care provider about include:
 - Measles, Mumps, Rubella (MMR) Vaccine or MMR blood titer test
 - Tetanus/Diphtheria/acellular Pertussis (Tdap) administered within the past 10 years
 - Hepatitis B series (3 doses). If incomplete, provide dates of any doses received
 - Annual Influenza vaccine
 - Varicella (chicken pox). No vaccine is needed if there is a history of natural infection
