

Upward Bound Summer Work Study Application

The Upward Bound Work Study Program is designed to help UB students make money and gain work experience while they are in the summer program. As in the past, the WS positions are limited and are not guaranteed. All Work-Study money will be given to the students once total work hours have been verified at the end of the summer. **DUE March 5, 2022**

Please attach a current resume.

Employers will use these resumes to make decisions about who they will select as a work study participant.

Work study students will be selected based on a "real world" application process. Therefore, applications and resumes will be reviewed and scored based on neatness, completion, effort, and when they were submitted. If you want a work study position this summer, please take time and effort in completing both the application and resume. An example resume can be found on Brightspace.
